Mr. Richard Barson  
Interstate Gold and Gas  
P. O. Box 85  
Clarkston, Utah 84305

Dear Mr. Barson:

Re: Notice of Intent for Mining Operation in Utah, Interstate Gold and Gas, Silverstreak and Goldstreak Claims, S/003/015, Box Elder County, Utah

During a recent inspection of another mine site, the Division became aware that your firm is operating an exploration project, and mill, in upper Box Elder County in the Raft River Mountains. We requested and received a copy of your Operating Plan, which you submitted to the U. S. Forest Service's Burley District. We also require notification of such projects and your notice to the Forest Service will suffice for our records.

Apparently, your firm is also operating a small mill site on private ground in close proximity to your exploration projects. Utah does require permitting of such sites whether they be on private, state or federal property. The procedure for a site under 5 acres does not involve anything more than the filing of a Notice of Intent to conduct a Small Mine Operation. Please use the form enclosed to address the mill site which you are currently operating.

For your further information, I have enclosed a complete copy of our rules. Please review those sections which are pertinent to your operation.
